

‘GENDER IDENTITY’ – IT’S NOT WHAT YOU THINK IT IS!

It’s based in no verifiable reality. Instead, both, ‘identity’ and ‘gender’ are used as the very opposite of what they really mean. But that is only the beginning:

STOLEN MEANING – FALSE LABELS

- ‘identity’ is immutable – think fingerprints or DNA—it is based in material fact, *not* a feeling or a concept.
- ‘gender’ comes from ‘to give birth’, i.e. how something is made, *not* from a stereotype of how a man or woman looks, feels, or behaves.
- ‘trans’ means an actual, tangible change of state as in transport, translate, or transform, and *not* feeling different or changing an appearance. Until recently ‘gender’ was simply the polite substitute for ‘sex’ (m or f).
- Despite attaching itself to and taking over the lucrative LGB vehicle, the ‘trans’ agenda is the very opposite, of LGB. LGB is about love and sexual orientation based in a person’s biological sex; the T (‘trans’) is about narcissistic denial of biological reality (XX and XY).

GLOBAL ‘TRANS’ FUNDING AVALANCHE The ‘trans’ propaganda and lobbying machine is funded by billionaires, often under opaque labels, who are in bed with Big Pharma and their lobbies, internationally.

UNCONSCIOUS SENSE OF GUILT A societal and individual sense of guilt, often unconscious, leads to knee-jerk embracing of anything labeling itself social justice or equal rights (“I am a good person!”) when, ironically, it actually abridges women’s and LGB’s rights.

BODY HATRED The pervasive patriarchal demonization of sex – and the resulting body hatred – gives the word ‘gender’ clout as a sterile alternative to ‘sex’. ‘Gender’ makes denial of the hated bodily reality so much easier and paves the way for artificial alternatives.

CORRUPTABILITY ACROSS ALL RANKS AND LAYERS OF SOCIETY Many politicians, academics and their administrative and elected footfolk will hungrily grab any opportunity to gain status, power, prestige – and \$\$\$\$ – under any banner, especially when it looks like a progressive one. This is especially true when unlimited ‘identities’, ‘gender’ or otherwise, is legislated and then self-righteously enforced by such administrators. At this point, individualism as political vehicle results in totalitarian loss of individual rights.

MEDIA COMPLICITY Everything that is true for all other players in society is doubly true for mainstream media and even more so for those calling themselves progressive. They perpetrate an immeasurable abuse of power because they indiscriminately magnify and multiply ‘trans’ propaganda at an astronomic rate.

SOCIAL MEDIA ADDICTION Especially young people are increasingly addicted to the internet as provider of immediate gratification, and are vulnerable to propaganda and misinformation.

ACADEMIC PAY TO PLAY Many academics’ growing dependency on grants destroys “free research” and forces them to compromise truth and academic standards for funding . . . or else.

SILENCING Faced with the relentless terror of being called anything-phobic or a bigot, even people who know better tend to cave in - - or else lose their livelihood, their publishers, anything that facilitates their life and work which they have worked decades to create.
